agencies shall afford to such staff as the Chairman specific designates, full access to whatever information they may required to carry out their assigned duties. Concievably, this could conflict with Section 7 of Public Law 110, which directs that the Director of Central Intelligence shall be responsite for protecting intelligence sources and methods from unauthorized disclosure, etc. It is recommended that the	ally uire d
:	Assistant Director for Operations Psychological Strategy Board Proposed draft dated 19 Feb 51, Directive to Secretary of State Secretary of Defense, and the Director of Central Intelligence, on the subject of Psychological Warfare Effort. 1. Pursuant to the DCI's oral request of 21 February 1951, ollowing comments on reference directive are submitted: a. In order to avoid conflicting operations and effort in localized areas, it is believed that agreement on overall psychological warfare policies should be arrived at with the Agreement should be reached prior to the formulation of the overall plan by the Psychological Strategy Board and the issuance of instructions to the Agencies and Departments of the Government which are to implement the program. The present policies toward Injustrates the necessity for coordination. b. It is noted that "the participating departments and agencies shall afford to such staff as the Chairman specificatesignates, full access to whatever information they may request to carry out their assigned duties." Concievably, this could conflict with Section 7 of Public Law 110, which directs "that the Director of Central Intelligence shall be responsited for protecting intelligence sources and methods from unauthorized disclosure, etc." It is recommended that the proposed draft be modified so as to avoid any possible conflictions.
